

PUBLISHED BY SMITH & SAYWARD, OVER THE KENDUSKEAG MARKET, BANGOR, ME.

OL. X. THURSDAY, JANUARY 18, 1844. NO. 17

NO. 171.

parallel, the former warmed into life the latter, the latter embraced it once the former, and neither can exist alone except with the other.

STEELES.

SEE FIRST PAGE.

The Mails.

The irregularity of the mails is a subject which, with the examples we have had the present winter, may well interest an editor of a daily paper. To the mails he must look for his latest news—his exchanges are the fountains from which he must draw a large portion of his news, and from the habit of receiving a daily budget, he feels quite lost without it. It happened last winter and has happened this, that almost every snow storm stops the cars upon the rail road track, and the mails are detained, sometimes for two or three days, and then when the heavy load does come, at a late hour of night what a confused mess and jumble the papers make!

Nothing looks natural—nothing is natural, and the real science in the examination of papers, and the selection of news, is completely thrown off the track, and the whole business is in confusion. None but an editor can comprehend the multiplicity of woes that encompass a man in this situation.

We do pray and beseech the Post Master General—the Rail Road conductors, each and all, and every body that has any influence in this matter to provide some means by which the mails may be forwarded by horses when the cars are detained. This will be an essential help.

We have a word to say as to the mail arrangements between this city and Augusta. It has happened several times this winter that a single sleigh, starting out of Augusta at the same time with the mail stage has arrived in this city from three to four hours in advance of the mail. This, we think, is making a little too much difference in the rate of driving. We mean to be modest and quiet in this matter of the mails, but we desire nevertheless that all unnecessary delay and interruption be avoided, and to this end we ask the co-operation of all concerned.

Celebration of the eighth of January by the "Democracy" of Bangor.

We see by the last Democrat that the Democratic brethren of the city celebrated the 8th instant, by a supper at the Bangor House. We wonder that the Simon Pures of the party should have selected such an aristocratic establishment as the scenes of their festivities, but we suppose that they acted on the principle of "not getting their grog at Roby's." It seems that the aristocratic atmosphere of the place did not damp the hilarity of the occasion, for, judging from the toasts, speeches, &c., they must have had a merry time. They are to be sure a little spiced with hits at their political opponents, but this we must expect, and we have no disposition to complain, as we have the privilege of paying the same coin. And as we do not choose to remain in debt, we will proceed to deliver what we have to say.

After the meeting was duly organized, and the regular toasts had given place to the "feast of reason and flow of soul," Mr. Wm. Thompson, in reply to a call, made a speech, the substance of which was, that he and General Jackson both descended from Irishmen, and that they were both born the same year. Now we were not before aware of these facts, but if these things are so, if the General and Mr. Thompson are of Irish descent, and were born the same year, though Thompson candidly confesses that the General is one month and fourteen days the oldest, then every thing else pre-announced of the old General must be true, viz: that he killed Dickinson, fogged Benton, licked the Indians, demolished the English, hung Arbuthnot, Ambrister, run away with an another man's wife, Kilt the United States Bank, and performed other wonderful exploits, too numerous to mention. We give in here.

Next came Mr. Blake's speech which appears to be a sort of a statement of the reasons of their gathering together. After Mr Blake sat down, Mr. Hathaway, the President of the occasion, made a speech as a sort of an offset to that of Mr. Blake's, eulogizing the heroes of the Aroostook war. Mr. Blake in his ardent to celebrate the victory of New Orleans, entirely overlooked the other extreme of the Union. Mr. Hathaway desired justice for all. Alluding to the Aroostook war he says, "this war was peculiar in its character and distinguished in its prosecution from all other wars in which we have been engaged." This is most true; we hope all our wars in future will partake of this character. The great peculiarity to which we suppose Mr. Hathaway alludes, was that at the outset, the parties "fired tail to," and did not shoot at, and punch each other, face to face, as is usual in battles. And the charges of Cavalry too were made in opposite directions. We go heart and soul for such wars as these. We should have been a soldier if it were not for these big guns. The great beauty of such wars is that we reap the same advantages for bloodless ones as we do for those in which thousands are killed.

Mr. Hathaway places the manner in which wars should be conducted in the true light. But this speech is valuable for other reasons than its moral. It puts to rest a question which has agitated and divided the community more than almost any other, and but for this speech might have continued to divide successive generations to the uttermost time. The Orator says, "that not one drop of human blood was shed," putting particular emphasis upon the word human. If he had said not one drop of blood had been shed, then it would have been clear that neither man nor beast were either killed or disabled in this war. But the word human is evidently used in a limiting and qualifying sense, and the natural and indeed the logical inference is, that some blood was shed in the war and that not human. What blood, then, was meant by

the Orator? History indeed informs us that Besler's hogs and a number of horned cattle belonging to individuals on the line of march were killed for food. But these animals were not killed in actual conflict.

"Where man meets man in stern and dread array," and the blood cannot on any proper sense of the term be shed in war. There are other objections to such a construction which we will not here insist upon. If our mode of reasoning is correct the whole matter lies in a nut shell. Every other hypothesis having proved to be untenable, the blood referred to by Mr Hathaway, must have been shed by Strickland's horse. Posterity is indebted to Mr Hathaway for putting this troublesome question beyond the reach of cavil, and for the benefit of posterity, as newspapers are but frail records of facts, we suggest that the oration of Mr Hathaway should be taken in perpetuum.

After the Speech of Mr Hathaway, came the volunteer toasts. Here is one by Capt. Oliver Parker.

Gen. Jackson and Martin Van Buren—While the former was President the nation was freed from debt and the government had money to let; under the administration of the latter the Sub Treasury was established and the first steps taken to restore the currency of the Constitution.

Music—"Save me from my friends."

A pretty hard rub, this, for the old General, "whose day we celebrate." The gun fired by the brave Captain certainly kicks one of his two heroes over. We thought that General Jackson claimed it as the chief glory of his administration, that he had restored the currency of the Constitution. Instead of that, it seems he kept a sort of shin-plaster broker's shop.

Next comes a toast by Col. Parks. "This toast is very well. There is, however, evidently a small typographical error in it. As it stands it reads, "Principia non homines." It should read, "Pecunia non homines." This blunder is very supposable as the composer did not probably understand Latin. It being couched in an unknown tongue is very significant of the Colonel's position.

Music to the above toast—"When all thy mercies," &c.

Mr. Thornton McGaw then discloses the state of his feelings in a toast as follows,

"Log Cabins and Hard Cider—The whigs may manage to keep these out of sight, but if there is much of a breeze next fall they will show their coon skins."

Mr McGaw evidently has not recovered from his fright of 1840. We all know how coonskins made him tremble then, about the time Isaac Hill was here. He evidently had a coon in his mind's eye, and was deprecating its actual return. We can well imagine his appearance when he gave the toast—looking anxiously and tremblingly around the room to see if he had not started the ghost of some offended coon to his affrighted view—his pale and terrified countenance seeming all the while to say, as Macbeth of the ghost of Bancho.

"If I stand here, I saw him." Music, as sung to Mr McGaw's toast—"Hark from the tombs," &c.

These are many other toasts which are decidedly rich, and we regret exceedingly that we have not room to notice them at length. There were toasts didactic, prophetic, affirmative, explanatory, admonitory, tender and pathetic. Mr Isaac C. Haynes, vastly to his credit he said, left the dry and dusty road of business, and the muddy path of politics to pour from his heart a deserved tribute to woman; thus beyond all doubt enrolling his name in the same immortal category with Tracy, Tupman, Esq., M. P. C. The way that Mr Van Buren got back handed strokes was a caution. Appropos to this, we quote Gen. S. P. Strickland's toast.

"Gen. Jackson—"The open hearted, fearless, honest man. May such a man fill the Presidential Chair in 1844."

Music—"O what d'ye come from?" &c.

In what we have said we have not intended to censure our Democratic brethren for the observance of the day, which constitutes one of the proudest epochs in our history, and in which Gen. Jackson gained renown as a military man, by his victory. But this does not justify his worshipers in making him the personification of every perfection of humanity. They have entirely overlooked the fact, that his popularity was almost entirely personal, and deserted him in a great measure when he quitted the theatre of active life, where he alone is fitted to shine, and remembering the success of their party while he was its leader, imagined that if they could cover themselves with the lion's skin, no one would take them for what they really are. In all the phases which that party has presented, they have drawn from him a certificate of approval of every act of the party, till he has in this manner been made to affirm at one time, and contradict at another, almost every principle involved in our government, and his political opinions at the present time command no more credit than the responses of an ancient oracle. This habit that the General has got into of echoing every thing that is put into his mouth, reminds us of a story told us by a friend a day or two since, which is as follows:—

A minister worn out in the service of his master, and feeling that his work was done, preached his farewell sermon, and after recounting in a feeling manner his experience, his successes, his trials, all that he had done and suffered, called the attention of his hearers to himself. "Whom," said he, "you see worn out in the cause of my master, my day departed, my usefulness ended, my health gone, my self a poor miserable creature bent up like a ram's horn, which, dear brethren, you can blow through just as well one way as the other."

The year 1843 began and ended on Sunday, making fifty-three days of ease for all, except printers, mail-carriers and the wicked.

The Washington correspondent of the Boston Atlas, under date of 12th inst, says that the nomination by the President of George H. Proctor as Minister to Brazil, has been rejected by the unanimous vote of the Senate.

It is understood that Debnay S. Carr as Minister to Constantinople; Mr Rencher, as Minister to Portugal; and Benj. Green, son of Duff Green, as Secretary of Legation to Mexico, were confirmed.

We have already stated that Capt. Thomas, of the brig Zebra, and his mate, Mr. Curtis, both of North Yarmouth, who were imprisoned at Gonaves last August, have recently been liberated by the interposition of an American naval officer, the commander of the United States brig Bainbridge, which vessel fortunately touched at this port. The circumstances under which their liberation was effected, are thus related by the Baltimore American in a slip dated Wednesday:

"They were visited in prison by Capt. Mattison and his officers, whose feelings were shocked at beholding two of their own countrymen confined in the midst of the most intolerable filth, and surrounded by desperadoes of every age, sex and color. Their condition was found to be miserable in the extreme. All the prisoners, many of whom were confined on the gravest charges, were allowed to range the prison at large, and had free access to the apartment in which Messrs. Thomas and Curtis were confined, as well as all other parts. The Haytian Government, it appears, allowed them but half a dollar per week for their support, a sum manifestly inadequate to sustain them a single day. Had it not been for the possession of a small amount of money of their own, and some friends they found amongst the foreign residents, they would very soon have perished from starvation.

Having satisfied himself fully of the unfounded character of the charge on which they were confined, captain Mattison determined to take a decided stand, and without delay to relieve them from their suffering condition. He immediately called upon the Military Commandant, and in the most decided manner told him that the American Government would not tolerate for a single instant the least act of injustice towards its citizens, and demanded the release of the prisoners, or else their trial according to the laws of the country. But the authorities of Gonaves could do nothing of themselves; and it is understood, referred the Captain to Port au Prince, the seat of Government.

Captain Mattison determined not to be foiled in his object, and proceeded to Port au Prince, and there made a similar demand on the Provisional Government, which, convinced by his emphatic language that he was not to be trifled with, made the most satisfactory response, and issued an order for their release from prison, and delivery into his hands. Having accomplished this object, the Bainbridge sailed, on the 8th of December for Gonaves, to take on board the two prisoners, who by this time are undoubtedly relieved from confinement and on their way to their own country.

Captain Mattison deserved the greatest praise for the successful termination of this affair. His conduct was prompt, energetic, and manly, and must have the happiest effect on our commercial intercourse with that Island."

The snow is now about three feet deep in the woods, the weather has been cold, and the lumbermen say their teams never were doing better. Those who delight in winter hunting have ample opportunity for taking exercise on snow shoes and find game abundant. Our people send all the old Bears to Boston and New York, but when a young nice fat one comes along they are careful to eat it at home!

Since the above was written there has been a smart warm rain and the snow in this vicinity has settled much and with this weather the travelling must be bad.

Important Letter from Senator Rives. Senator Rives has published a long letter in the Richmond Whig, in which he declares his intention to support Mr. Clay for the Presidency in case Van Buren receives the Democratic nomination. He says:—"For myself, I can conceive of no greater calamity to the nation, or deeper discredit to the cause and very name of popular government, than the re-election of Mr Van Buren would be, after the signal and overwhelming majority by which he was so recently deposed from power, upon the fullest canvass of measures, policy and conduct."

Appointments by the President.

By and with the Advice and Consent of the Senate.

Thomas Nelson, re-appointed Collector of the Customs for the District of Richmond, Va. Consuls—Charles A. Leas, of Baltimore, for Maracaibo, in the place of S. Cochran, resigned. A. Follins, for Omoa and Truxillo. George W. Gordon, of Massachusetts, for Rio de Janeiro, in the place of G. W. Slocomb. Albert M. Gilliam, of Virginia, for San Francisco, in California, in the place of T. Carlile, resigned. Thomas O. Larkin, of Massachusetts, for Monterey, in California, in the place of J. F. Gilliam, deceased.

Wm. S. Campbell of New York, for Rotterdam, in the place of John Wambersie. John W. Fisher of Connecticut, for Guadaloupe, in the place of F. H. Swan, deceased. Wm. H. Freeman of Pennsylvania, for Curacao, in the place of J. H. D'Meza. Stewart Newell of Louisiana, for Sabine, in Texas. Israel D. Andrews of Massachusetts, for St Johns, in New Brunswick, in the place of Thos. Leavitt.

Leonard R. Almy, of New York, for Laguna de Terminos, in the Mexican Republic, in the place of Charles Russell, deceased. Pedro de Regilly Estrada, for Merida and Sisal, in Yucatan, in the place of C. Thompson, resigned. H. C. Eaton, of Maryland, for Lyons, in France, in the place of N. Berry, resigned. Wm. Hogan, of Georgia, for Neuvas, in Cuba, in the place of W. H. Freeman, resigned. G. Mohr, for Dresden, in the place of E. F. Rivinus, resigned.

Geo. F. Gerding of New York, for Manheim. Bladen Forest of Washington, for Chagres. Stanhope Revost, for Lima, in place of F. L. Castelman. John Arthur, for Turks Island, in the place of John Wilkeson, resigned. Samuel McLean of Missouri, for Trinidad de Cuba, in the place of John K. Hoke, resigned. Joseph R. Prosky, for Cowes, in the place of William Whetton, resigned.

Indications.

The confidential announcement that Mr. Calhoun repudiates any connexion with or allegiance to Mr Van Buren's National Convention has already reached his friends in Washington, and will doubtless be speedily followed by a declaration for the public eye. It is abundantly evident that, unless Mr Van Buren's Northern partisans in Congress be the mark better on the Tariff question that they have done, South Carolina will irrevocably lose to Mr Van Buren, and probably Virginia and Alabama with it. Virginia we count as for Clay any how, with the Free Trade "Chivalry" alienated, such a result is certain.

tain. As to Georgia and Alabama, we need no accession of strength in either; but if the Calhoun men stand aloof from the contest, the south of Van Burenian must be overwhelming.

Senator Rives, it is currently stated without contradiction, has declared that, if the Presidential contest is between Clay and Van Buren, he must go for Clay. The move of the Van Burenites in Congress to restore the Sub-Treasury will not merely confirm this decision, but induce hundreds of Conservatives, hitherto coquetting with Tylerism, to unite in it.

A Cass Meeting was held at Columbus, the capital of Ohio, on the first instant. Gov Shannon, R. P. Spalding, (Speaker of the House in 1841-2) and Senator Disney, were among the speakers. It is represented as large and enthusiastic. Gov. Shannon, having been beaten 15,000 the year he had Van Buren on his back, though elected in both the previous and succeeding contests, has a pretty good idea of the Kinderhook Statesman's popularity.

Missouri is convulsed with a struggle between the Bentonian and opposite sections of the dominant party. The Bentonians are for hard money, (except the notes of their pet State ragmill,) General Ticket for Congress, and Van Buren for next President. The Anti-Bentonians, whose organ is the old "Missouri Reporter," edited by Shadrach Penn, are for relaxing the present severe restrictions on all foreign Bank paper, for Districting the State for Members of Congress, and for Col. Johnson for President. They confidently anticipate a triumph next August. Meantime, the Whigs have an eye open.

There are other indications of the future equally significant, but enough for to-day. [New York Tribune.

A TEA PARTY

Will be provided by the Ladies of the Corban Society at Commons Hall, on Thursday evening next, at 7 o'clock, the avails of which are to be appropriated, under the direction of the Ladies, for the benefit of the Theological Seminary. Tickets at Duren's, and Smith & Fenno's Bookstores. Jan. 16.

TEMPERANCE MEETING.

The temperance meeting which was adjourned to Saturday evening the 11th inst., on account of the inclemency of the weather, was deferred to Saturday evening next, when the presence of every friend to the cause is earnestly solicited. Per order. D. E. COSTELLO, Sec. Jan. 16.

DIED,

In this city, yesterday morning, Maj. Wm. Francis, formerly of Portland, aged 65. Funeral this morning, at 10 o'clock, at his late residence on Ohio Street. Relations and friends are invited to attend.

Oct. 2.

LORRAINE'S PILLS.
OR VEGETABLE UNIVERSAL MEDICINE
CURATIVE
OF THE
French College of Health, in Paris.
THE following letter was received yesterday by mail from Salem. It gives another evidence of the great success of Lorraine's Vegetable Universal Pills.
SIR—I have been for many years a sufferer from the ravages of Scrofula and Cancerous Humors, which at last seated on the vitals, and exhibited all the threatening symptoms of consumption. The general inability of all remedies awakened my enquiries as to the thousand different methods of cure, to most of which I had recourse without receiving benefit. I accidentally noticed a remarkable cure by Lorraine's Pills, and was induced to give them a trial. I sent to Boston and got a box. By the use of them I found immediate relief and was soon restored to a perfect state of health.
J. E. NEWHALL.
Salem, 21st May, 1841.

The following letter from J. B. Light, Esq. is worthy of notice.
SIR—I took one of Lorraine's Vegetable Pills last evening for a pain in my head, that had effected me for several days, occasioned by taking cold. I soon felt very calm, and quiet, and a state of general repose came on, which had great charms, and I enjoyed one of the most comfortable and refreshing nights rest that I ever did in my life. I rose in the morning in my usual state of health, and believe it is my duty to recommend this medicine.
Yours truly,
J. B. LIGHT.
Nov. 20th, 1841.

[From Boston Daily Mail.]
Somebody wisely says, that a cap loaded with ewels and flowers will not cure the headache, nor gold chains prevent the consumption. Lorraine's Vegetable Pills have done both.

SIR—I have been effectually cured of a severe headache by the use of Lorraine's Pills.
SARAH NOYES.

SIR—My daughter had all the threatening symptoms of a Consumption, such as cough, pain in the side, &c., together with general debility, but has had her health restored by Lorraine's Pills.
Rev. J. KNIGHT.
New York City, Nov. 1, 1841.

Family Medicine.
SIR—I have used Lorraine's Pills in my family as family medicine, and I would most earnestly recommend them to all persons, as the best medicine that can be procured. I would not be without them—they operate mildly, and never fail to give immediate relief. Until I used these Pills I was obliged to pay from 25 to \$100 per year for medicines and physicians, since then I have had no other doctor than Dr. Lorraine's Pills. JAMES NEAL.
Hartford, Conn. July 8.

Lame Back.
Sarah Snow was cured of a lame back in one day, when she had been unable to dress herself alone for two weeks.
Susan Jones of Boston, cured in 36 hours of lame back and side of three weeks standing.

Sick Headache.
Mrs. Bart of Providence says, that Lorraine's Pills have proved a real blessing to her. It has succeeded by a thing that has been brought to the public notice. I have been cured of a sick headache that had afflicted me for years, by the use of Lorraine's Pills.

THE CONDITION.
The condition upon which nature gives health to the human body is a watchful care to keep his stomach and bowels free from morbid and unhealthy accumulations. Lorraine's Pills admirably effect this, because they cleanse the bowels and purify the blood. The human body is always healthy when the bowels are regular, the blood circulates freely, and does not invariably commences when obstructions take place in the bowels.
The extraordinary virtues of Lorraine's Pills depend upon extracts of over 50 different vegetables, which are admirably combined as to purify, nourish and invigorate the human system.
Prepared by G. W. HOLDEN, Bangor.
G. RIDGWAY, Agent for the New England States, at 27 Cambridge Street, Boston.
Dec. 7, 1842.

DR. TAYLOR'S BALSAM OF LIVERWORT.
PRICE REDUCED.
DR. TAYLOR'S Balsam of Liverwort, from 375 Bowery, New York—for the cure of Coughs, Colds, Catarrhs, Asthma, Soreness of the Chest, Pain in the side and Breast, raising of Blood, Liver complaint, Bronchitis, and all those affections of Throat and Lungs which are a source of so much suffering and unrelieved, so often terminate in Consumption—this remedy is highly and justly distinguished. It is purely vegetable, mild and gentle in its effects upon the system, and can be taken in the most delicate cases, with safety as well as utility. Physicians, aware of its medicinal properties, and witnessing its effects even in extreme and in some instances apparently almost hopeless cases, often prescribe it in their practice, both as a palliative and a remedy, and with the Medical Faculty generally it has met with great approbation.

Consumption.—The following remarks were taken from the last number of the Medical Magazine: "The surprising effect produced by the genuine Dr. Taylor's Balsam of Liverwort, made at 375 Bowery, in consumptive cases, cannot fail exciting a deep and thrilling interest throughout the world. We have so long considered this disease (consumption) incurable, that it is difficult to credit our senses when we see persons, evidently consumptive, restored to health. Yet it is a fact of daily occurrence."
Certificates from the highest and most respectable sources, or persons who have been either greatly relieved by it, or entirely recovered from affections of the Lungs and Liver, could be furnished in abundance, but we insert only the following
CERTIFICATE.
Liver Complaint and General Debility. I was given up by two physicians, and told to prepare for death. I was so weak I could not raise my hand to my head. I was in this low state, when a friend sent me a bottle of Dr. Taylor's Balsam of Liverwort, from 375 Bowery, and before I had used up the bottle, I was able to sit up in bed. By the further use I have completely regained my health.
GEO. WELLS, 23 John-st.

For a common cold and cough, this is one of the very best remedies ever discovered.
N. B. There is a spurious and counterfeit article afloat; therefore be careful to get the genuine, which is from 375 Bowery, N. Y., and is for sale by G. W. LADD, Agent, Bangor.
Jan. 5.

DEAFNESS.
DR. MCNAIR'S ACOUSTIC OIL.
THOSE DEAF FROM INFANCY often receive in a most miraculous manner their hearing when they least expect it by some trifling accident or event, which shows them how easily they might have much sooner had their hearing, and saved themselves and their friends the pain of conversing in a loud tone, without pleasure, or of being neglected and shunned to avoid that distress which is felt mutually by the deaf person and his hearers. How sacred a duty, therefore, it is that we use all necessary means to remove such an affliction, and enjoy the social qualities implanted in our nature? This EAR OIL has the effect so to relieve the tension, and bring into use the natural action of the parts, as to restore the hearing when lost or impaired. For sale by G. W. LADD, Stwd and wgm nov-23.

REMOVAL.
J. W. LAWREY, has removed his Oyster and Refreshment Establishment to the New Store adjoining W. T. Pearson's, opposite Mercantile Square.
Grateful for past favors, he would inform his old customers and the public in general, that he has made extensive arrangements in New York and Boston, for a constant supply of first rate, fresh Oysters; which he would be happy to furnish Wholesale and Retail, at prices to suit the times.
His Table will be constantly supplied (as usual,) with a good variety of Refreshments.
Bangor, Oct. 6, 1843.

TO THE OLD AND YOUNG.
HO! YE RED HEADS AND GREY!
PHENOMENON IN CHEMISTRY.
EAST-INDIA HAIR DYE.
Colors the Hair, and will not the Skin
THIS Dye is in form of a powder, which in plain matter of fact may be applied to the hair over night, the first night turning the lightest RED or GREY HAIR to a dark brown, and by repeating a second or third night to a bright jet black. Any person may, therefore, with the least possible trouble, keep his hair any dark shade or perfect black; with a positive assurance that the powder, if applied to the skin, will not color it. By an occasional application, a person turning grey will never be known to have a grey hair. Directions complete with the article. There is no coloring in this statement, as one can easily test.
These facts are warranted by the gentleman who manufactures it, who is the celebrated Chemist, DR. COMSTOCK, author of Comstock's Chemistry, Philosophy, and other works, and School Books, well known and widely celebrated by the public.
For sale by G. W. LADD, A. P. GUILD, and A. YOUNG, Jr. & Co. formerly Holden's.

Bangor, Oct. 19, 1843.

PATENT MILL WHEELS.
THE Subscriber having for a long time given his attention to the construction and operation of Water Wheels, has finally succeeded in the invention of two kinds of Wheels for which he has received Letters Patent from the Government of the United States.
These Wheels are simple in their construction, cheap and durable, are easily put in operation, and are not liable like most other wheels to get out of order, they are not obstructed by back water, when the head is not diminished thereby, and the same power and speed is obtained, with about one half the quantity of water usually applied to wheels now in general use.
A great number of these Wheels are now in operation and give in all cases entire satisfaction; and for further information respecting them the following gentlemen are referred to, all of whom have some of said wheels in operation: Jacob Drummond, James B. Fiske, Amos Davis and Leonard March, Esqrs., Messrs. Fiske & Norcross, Foster & Gilman, S. P. & H. Strickland, W. T. & H. Peirce & Co. Bangor; Hon. J. S. Little, Portland; Hon. John Otis, Hallowell; F. A. Butman, Esquire, Dixmont; Robert Treat Gen. A. Peirce, Esquires, Frankfort; Daniel Demmitt, Esq. Milo; Col. Henry Orne, Milton; Messrs. Fiske & Bridge, Colford; Ira Wadleigh, Esq. Oldtown; Capt. R. Fittz, Dedham; John Black and John M. Hale, Esqrs. Ellsworth; Messrs. A. Campbell & Co. Cherryfield; Daniel Harwood, Esq. Machias; Levi L. Lowell, Calais.
The above wheels are manufactured and for sale at the Iron Foundries of MESSRS. HINCKLEY & EGERY and FRANKLIN MUZZY & Co. in this city, who are furnished with a great variety of patterns, so that Wheels of any particular description, or adapted to any given head of water, can be furnished at short notice. They are also authorized to dispose of the Patent Right for the same.
SAMUEL L. VALENTINE.
Bangor, July 11, 1843—d and wtf

FRESH DRUGS, MEDICINES, Paints, Oils, Dye Stuffs, Window Glass, Brushes, &c.
G. W. LADD, Apothecary &c., corner of Smith's Block, would inform his friends and the public generally, that he has made a very large addition to his heretofore very large Stock of DRUGS, &c. and can now offer very low for cash, a very extensive assortment of ALL KINDS of Medicines, including almost every kind of Thomsonian Medicine and Patent articles generally.
PAINTS and OILS.
500 boxes ALL SIZES WINDOW GLASS.
ALL KINDS OF BRUSHES.
And a very large supply of PAPER HANGINGS, including Satin and cheap styles; all of which will be sold very low.
Dec-13.

CLEANLINESS OF THE HEAD AND HAIR.
STRANGE it is that persons who attend strictly to personal cleanliness, baths, &c., should neglect the Head—the Hair—the most essential—the most exposed—and the most beautiful, when properly cared for, of all the gifts of the Creator. Perfectly free may it be kept of dandruff or scurf, with a certainty that the hair cannot fall out, by the use of the BALM OF COLUMBIA. Ladies will you make your toilet without this article? I answer fearlessly no, if you have once tried and experienced its purifying effects—sweet perfume.
For sale by G. W. LADD, and A. P. GUILD.
nov. 11. Stwd and wgm

BUCKSPORT HIGH SCHOOL, AND CLASSICAL INSTITUTE.
THIS School, now in operation, will continue permanently under the care of JOHN B. L. SOULE, A. B., an experienced and successful Instructor.
It will be the purpose of the Principal, and of those who may be connected with him, to maintain a school of the first rank—where, by means of a thorough and progressive course of study, a uniform and judicious discipline, and a careful vigilance over the intellectual and moral habits of the pupils, the young of both sexes may enjoy the greatest facilities for acquiring a sound, practical education.
Thorough instruction will be given to young gentlemen preparing for college, fitting them to enter the Freshmen, or advanced classes.
Terms of Tuition. For Common Studies, \$4.00; For Higher Branches and Languages, \$5.00.
Board may be procured on reasonable terms;—and permanent arrangements will soon be made, by which pupils from abroad will be accommodated at very favorable charges.
The Fall Term will commence September 11th, and continue eleven weeks.

HOLIDAY PRESENTS. A great variety for sale by E. F. DUREN.
dec. 21.

Dr. D. Jayne's FAMILY MEDICINES.
JAYNE'S EXPECTORANT.
THIS invaluable medicine is daily effecting some of the most astonishing and wonderful cures that have ever been known. All who have used it for Asthma, Coughs, Spitting of Blood, Whooping Cough, Croup or Hives, Consumption, Chronic Pleurisy, Hoarseness, Pain and Soreness of the Breast, Difficulty of Breathing, and every other disease of the LUNGS and BRONCHIA, can do so to attest to its usefulness. BRONCHITIS, a disease which is annually sweeping thousands upon thousands to a premature grave, under the mistaken name of CONSUMPTION, is always cured by it. The usual symptoms of this disease, Bronchitis, are Cough, Soreness of the Lungs or Throat, Hoarseness, Difficulty of Breathing, Asthma, Hectic Fever, a Spitting up of Phlegm or Matter, and sometimes Blood. It is an inflammation of the fine skin which lines the inside of the whole of the wind tubes or air vessels, which run through every part of the Lungs. The Expectorant immediately suppresses the Cough, Pain, Inflammation, Fever and Difficulty of Breathing, and produces a free and easy expectoration, and a cure is soon effected.
It always cures ASTHMA. Two or three large doses will cure the CROUP, or HIVES of children, in from 15 minutes to an hour's time. It immediately subdues the violence of WHOOPING COUGH, and effects a speedy cure. Hundreds who have been given up by their physicians as incurable with CONSUMPTION, have been restored to perfect health by it.
If the Expectorant be given in the commencement of PLEURISY, INFLAMMATION OF THE LUNGS, or in acute RHEUMATISM, in doses sufficiently large, so as to cause a little nausea for some time, going to bed and covering up warm, it will produce perspiration, and subdue these affections at once.
PRICE \$1.00.

Tonic Vermifuge.
WORMS IN CHILDREN. Of all diseases to which children are exposed, none are so fatal to them as Worms. As they are, children are seldom free from them, and as they imitate the symptoms of almost every other complaint, they often produce alarming effects without being suspected. They are not only a cause of disease themselves, but by their irritation aggravate all other diseases, wandering from one part of the body to another, winding themselves up into large balls, and obstructing the bowels, and frequently the throat, causing convulsions, and too often death. The desired remedy will be found in DR. JAYNE'S TONIC VERMIFUGE, which will very soon destroy the worms, and invigorate the powers of digestion so as to prevent a return of them. PRICE 50 cents.

JAYNE'S CARMINATIVE BALM.
THIS is one of the most efficient, pleasant and safe compositions ever offered to the public, for the cure of the various derangements of the Stomach and Bowels, and the only article worthy of the least confidence for curing CHOLERA INFANTUM or SUMMER COMPLAINT; and in the above and following diseases, it really acts like a charm, viz:
Dysentery, Diarrhoea, Looseness, Cholera, Morbus, Summer Complaint, Cholera Griping Pain, Sour Stomach, Sick and Nervous Headache, Heartburn, Water-brash, Pain or Sickness of the Stomach, Vomiting, Spitting up of food after eating, and also where it passes through the body unchanged; Want of Appetite, Restlessness and Inability to Sleep, Wind in the Stomach and Bowels, Hysterics, Cramp, Nervous Tremors and Twitchings, Sea Sickness, Faintings, Melancholy and Lowness of Spirits, Fretting and Crying of Infants, and for all Bowel Affections and Nervous Diseases.
PRICE 50 cents.

Hair Tonic.
NO EXCUSE FOR A BALD HEAD. Since the important discovery of Dr. JAYNE'S HAIR TONIC, every one who has used it, has preserved their hair from falling off, if already bald, may, with certainty, have their hair restored again by a faithful and persevering application of this valuable HAIR TONIC.
Please to read, without prejudice the following communication, which, in addition to hundreds of others equally respectable, should remove the doubts of every reasonable person of the uniform and singular efficacy of JAYNE'S HAIR TONIC.
HAMILTON, Feb. 15, 1840.

Dr. D. Jayne—Dear Sir: I cannot say my hair is restored, but I can say that it appears to be in as rapid a process of restoration as could reasonably be expected. I had not finished the first bottle, before a decided change was manifest over the bald part of the head, to which it was applied. A new growth of fine glossy hair, much like that of an infant, appeared, and has continued to increase, and I have had it cut two or three times. I have recently commenced upon the third bottle, but have been a good deal irregular in the use of the Tonic from the fact, and from this cause I apprehend it is at present less than it otherwise would have been.
I began the use of the Tonic with little or no faith that it would ever be successful on my head, though I felt entire confidence in your statements of what it had done for others; and I was as much surprised as delighted when I saw the effect. You recollect the appearance of my head when in your office. I assure you the hair has been nearly, if not quite, an inch long at the times I have had it cut, on those parts which were nearly destitute of any when you saw me. It was, however, very fine, though quite thick. I am flushed with sanguine hopes of final success, in the diligent use of your Tonic, which, amidst all the hair humbugs which have been advertised in the papers, I am constrained to believe is what it claims to be, and that it will make the hair grow, and no mistake, at least on some heads.
GEO. W. EATON
Madison County, New York.

Prof in Hamilton Lit. and Theological Seminary.
PRICE \$1.00.

Jayne's Sanative Pills.
These Pills are an excellent, mild and safe purge at all times, and are exceedingly useful in Dyspepsy and obstructions of the Liver. Persons taking them can eat and drink as usual, without fear of injury; and what is of infinite advantage, making the use of mercurial preparations, so frequently used in derangements of the stomach and liver, unnecessary.
These Pills may be taken at all times, and are beneficial in nearly all diseases. They have long been a favorite prescription of the proprietor for all obstructions of the Liver, Spleen, Kidneys, Uterus, and all other organs of the body—Inflammatory, Intermittent, Remittent, Bilious, and every other form of Fever—Jaundice and Liver Complaint. For Dyspepsy they are really an invaluable article, gradually changing the vitiated secretions of the stomach, and producing healthy action in the most important organs. They are very valuable in disorders of the Skin, and for what is commonly called "Impurity of the blood"; also for Female Complaints, Constipation, &c. &c.—and in fact every disorder where an Aperient, Alterative or Purgative medicine is required.
Four fifths of the numerous and distressing cases of DYSPEPSY POSITIVELY CAN BE CURED by a persevering use of this valuable SANATIVE.
They are expressly prepared to be used as an Aperient, when purging is necessary, while using his Expectorant, and for the removal of obstructions in the Liver, which are often attendant on some of the diseases of the Breast.
Prepared only by Dr. D. Jayne, Philadelphia.
And for sale, Wholesale and Retail, by SMITH & FENNO, Booksellers, 14 West Market Square, Bangor.

WRIGHT'S Indian Vegetable Pills.
The True Character of Counterfeiters and Sellers of Counterfeit Medicines.
No Medicine has been introduced to the American Public, whose virtues have been more cheerfully and universally acknowledged by its vast popularity, and extensive circulation, than "WRIGHT'S INDIAN VEGETABLE PILLS."
To descend upon their various virtues at this season would be a work of supererogation, since few who peruse this article will be found unacquainted with the widely circulated proofs of the real excellence of the Medicine, to which many will be ready to add the testimonials of their own experience. But if further proof were needed of the value of the remedy it might be found in the fact that no Medicine in the market has been so shamelessly and repeatedly counterfeited. Ignorant, envious, avaricious, and unprincipled men have in different places, manufactured a spurious pill, bearing a superficial resemblance to the true article, but composed either of impotent or deleterious ingredients, which they have sought to impose upon the public as the veritable
Indian Vegetable Pills.
These fraudulent swindlers could never pass off their vile wares upon the public but for the connivance and assistance of self-styled respectable Druggists, who, for the sake of a little "filthy lucre," lend themselves to the monstrous and unhallowed system of imposition. The counterfeit of a popular medicine is more criminal than a counterfeit of current money. The injuries done by the latter sink to nothing in comparison with those inflicted upon society by the former. We might paint him wringing the mone from the hard hands of invalid penury which is extended for the boon of health, and receives instead the vile drug that perverts and aggravates disease, or to view it in its best aspect, suffers it to rage unchecked. How melancholy is the reflection that thousands may have been hurried to the grave by having a counterfeit substituted for the true Medicine; who for the venal fraud might now be living in health, the delight and hope of the social circle. All classes are interested in putting down these vile Counterfeiters.
Let the Stores where they are sold be marked and Shunned.
Let the virtuous indignation of the community administer to all concerned in these unfair practices a general and withering rebuke.
CAUTION:
The public will please observe that the genuine Medicine has the following wording on the sides of the boxes.
"WRIGHT'S INDIAN VEGETABLE PILLS."
—Indian Purgative—
OF THE NORTH AMERICAN COLLEGE OF HEALTH.
And also, around the border of a label will be found in small type, "Entered according to Act of Congress in the year 1840, by William Wright in the Clerk's Office of the District Court of the Eastern District of Pennsylvania."
It will be further observed that the printed direction for using the Medicine, which accompanies each box, are also entered according to Act of Congress; and the same form will be found at the bottom of the first page.
The slightest attention to the above few particulars will serve to protect the purchaser from fraud and save the lives of those who may otherwise be endangered by using a Counterfeit Medicine.
The public will also remember, that all who sell the genuine Indian Vegetable Pills, are provided with a certificate of Agency, signed by WILLIAM WRIGHT, Vice President of the American College of Health, and that Pedlars are never in any case allowed to sell the genuine article. All traveling Agents will be provided with a certificate of Agency as above described; and those who cannot show one will be known as base impostors.
The regularly appointed Agents can receive their supplies of the above popular pills, as heretofore, from the only Office and General Depot, the New England States—
198 Tremont Street BOSTON.
The following highly respectable persons have been appointed Agents for the sale of the above valuable Medicine.
